

**Materials List for**  
***Introduction to Assemblage* workshop**  
**Saturday, April 25, 2020 and Saturday, May 2, 2020**  
**10:00 a.m. – 4:30 p.m.**  
**Instructor: Paula Imbergamo**

We'll work from 10 a.m. to noon, take a lunch break, and resume from 12:30 to 4:30. Remember to bring lunch/snacks/beverages to stay energized!

**\*A shadow box with a glass door is included in your fee which will be given to you at the first session. The shadow box is exactly like the one in the photo that accompanies the online course description. Dimensions are as follows:**

**Outside dimensions including door:**

14 7/8" tall, 11 3/4" wide, 2 1/2" deep

**Inside dimensions:**

14 1/4" tall, 11 1/16" wide, 2" deep

You will need:

- An idea, a theme, a feeling, or a life event, for example. Can you tell a story?
- Your "treasures" and found objects.
- Scans of any personal photos. You may also use magazine or newspaper photos.
- Decorative papers. These will provide rich backgrounds of color, pattern, and texture.
- Paints you might like to use in your specific color preferences. I would avoid tube acrylics. I find that small bottles of acrylic craft paints are perfect. They come in a huge range of colors and are easy to transport and mix.
- I will supply everything else you will need to work on your assemblage during class. We'll have cutting mats and tools, drawing and measuring tools, glues and finish materials, containers and palettes, etc.
- Feel free to bring any materials you feel comfortable working with.

Looking forward to meeting and working with you,

Paula
